#### PIO Unit Update for 9/1/17

ESF-15 FEMA Public Affairs is establishing a Joint Information Center in Austin at the newly established Joint Field Office (JFO). A request to staff the EPA PIO position at the JIC/JFO is on order. The EPA Public Information PI Unit in Dallas is fully operational and supported by a Public Information Assistance Team (PIAT). An EPA PIO is also in Corpus Christi to support operations there. Talking Points for field personnel have been updated and will be distributed by the PI unit and field PIO.
